

AIR RESERVE TECHNICIAN STATEMENT

“Since I entered on active duty from an ART position, I fully understand that should I lose Reserve eligibility (i. e., become eligible for an active duty retirement) while serving on an AGR active duty tour, I will no longer have restoration rights to a Civil Service position, either ART or Non-ART. I accept this as a condition of this tour. I understand that I will have mandatory restoration rights into a Civil Service position upon completion of the AGR tour if this tour and previous active duty tours, while employed in Civil Service, are cumulatively 5 years or less, provided I meet employment eligibility requirements (i.e., Discharge Under Honorable Conditions; eligible for the position I have left; etc.). However, if my AGR tour exceeds a cumulative total of 5 years, I will no longer have mandatory restoration rights, but will instead have only reinstatement consideration possibilities.”
