MEMORANDUM FOR 94 AW AND DOBBINS ARB TENANTS

FROM: 94 AW/CC

SUBJECT: 94th Airlift Wing Environmental Policy Statement

1. This policy applies to military personnel, civilian employees, contractors, and other persons performing work on Dobbins Air Reserve Base. As host of this installation, the 94th Airlift Wing provides mission ready forces while sustaining our natural infrastructure through the implementation of our Environmental Management System (EMS).
2. As stewards of the environment, we make the following commitments to ensure that our EMS supports our mission by:
 - a. Complying with applicable federal, state, local, Department of Defense and Air Force environmental regulations and policies, supported by regularly scheduled internal assessments;
 - b. Achieving pollution prevention opportunities by providing a framework for setting and reviewing environmental objectives and targets;
 - c. Committing to continual improvement by establishing environmental goals, measuring progress, taking corrective action when necessary, and communicating necessary information regarding the installation's operations and environmental accomplishments;
 - d. Integrating sound environmental practices into our routine decisions and activities, promoting conservation of energy and use of sustainable natural and manmade materials; and
 - e. Educating our employees about their responsibilities to protect the environment and enhance the mission.
3. The commitments identified above shall be integrated into our daily operations in order to maintain a sustainable environment to perform the Wing's mission.

A handwritten signature in red ink, appearing to read "CRAIG MCPIKE", is located below the main body of the memorandum.

CRAIG MCPIKE, Colonel, USAF
Commander, 94th Airlift Wing
