AIR FORCE RESERVE STRENGTHS

LOW LIFE CYCLE COST
Significantly lower life cycle costs than Active Component counter-parts

RETAIN AF INVESTMENT
Maximizes prior service accessions and captures costly initial training investments

EXPERIENCE
Increased experience to the Total Force via Continuity of service from Active Component Airmen and transferrable skills and training from employment in the civilian sector

CONNECTION TO THE COMMUNITY
Reserve Airmen are often more involved and connected to the local community as a benefit of living and working off-base, moving less frequently, and being at one duty-location longer
