AIR FORCE RESERVE STRENGTHS

**LOW LIFE CYCLE COST**
Significantly lower life cycle costs than Active Component counter-parts

**RETAIN AF INVESTMENT**
Maximizes prior service accessions and captures costly initial training investments

**EXPERIENCE**
Increased experience to the Total Force via Continuity of service from Active Component Airmen and transferrable skills and training from employment in the civilian sector

**CONNECTION TO THE COMMUNITY**
Reserve Airmen are often more involved and connected to the local community as a benefit of living and working off-base, moving less frequently, and being at one duty-location longer
